Notes on Ker, Bindings of Early Books in the University of Illinois Library

p. 253: not English (Flemish, rather) - See my Flemish and Related Panel-Stamped Bindings (New York, 1990).

p. 254: not English (certainly Flemish) - — " " —

If "hitherto unrecorded", only in England; not unusual in continental collections. Some copies have been reproduced prior to 1969 (the date of Ker's manuscript).

p. 313: French? Possibly, but seems to have been used also in Flanders.

p. 317: For a brief discussion of some details relating this panel see my Flemish and Related (etc.), the chapters on Blank Shields and Flaws; see also the indices (I.P., I.B, Spes).

III. ENGLISH BINDINGS, OTHER THAN THOSE OF OXFORD AND CAMBRIDGE

The order is:

i. Stamped bindings (ES)

ii. Bindings with rolls, in Oldham order (AN-SW), followed by rolls not recorded by Oldham (ER).[1]

iii. Bindings with panels, in Oldham order (HE-TRIP), followed by a panel not recorded by Oldham (Trip -).[2]

iv. Bindings with centrepieces (EC).

v. Bindings with small ornaments (EO).

The arrangement is chronological withing these divisions.

1. J. B. Oldham. English Blind-stamped Bindings. 1952.
2. J. B. Oldham. Blind panels of English Binders. 1958.

Some ER rolls may belong in Section IV, rather than here.

I hope that this collection of rubbings of English rolls and panels is fairly complete. There are many more centrepieces than this.

VI. RUBBINGS

For the form of reference, e.g. O.CH.c.1, see the five sections into which this collection of rubbings is divided.

An asterisk indicates that the binding is in fine condition or has some other feature of interest, for example that it is out of Oldham's date range or has a combination of rolls which he does not record. M after the entry indicates that the pastedowns (or a pastedown) are taken from a manuscript.
